### College Credit in High School

KJSHS and New Frontier Students have an amazing opportunity to take college classes for both high school and college credit! These classes are offered through a combination of concurrent and dual enrollment options. Not only can students take these classes, they are also free to the student. BOCES pays for the tuition, fees, and books. Students and parents can visit with the high school counselors and BOCES to learn more. Students can start taking classes paid for by the BOCES the summer after their 10th grade year and until they graduate high school. Students must have a minimum GPA of 3.25, and be approved by their counselor to be eligible.

BOCES would like to congratulate Diana Escobedo who graduated this year with 17 college credits. That is equal to one semester of college!!!! Way to Go!

*2019 Graduating Seniors Total Credits Earned - 164 Credits*

*2019 Graduating Seniors Estimated Cost of Classes & Books paid for by BOCES - \$24,200.00*

### Dual Enrollment

Dual Enrollment provides the opportunity for Lincoln County School District #1 high school students to take online college classes for high school and college credit. Students are scheduled in the computer lab during their dual enrollment class and learn online from a Western Wyoming Community College instructor. Students must be approved to take classes by their high school counselor and register through BOCES. There are a number of internet classes WWCC offers.
