Denise Sargent

Organizational Class

July 21st 6:00pm \$10

Register by July 16th, 2020

Instructor: Ginny Rogers, Professional Organizer, Organizing and Beyond LLC

By considering the effect of inaction, you'll realize the potential positive outcomes can far outweigh perceived risks. First, You must be willing to experiment and live intentionally rather than out of habit. To live intentionally you are able to become aware of the things that are most important. Listen to the possibilities in this professional organizing class and learn how you can improve your life through choosing what stays and what goes. Learn why you cant keep your house tidy. Listen to ways in which your decision making to discard or to keep objects has to do with your personality and inaction. In this class you'll be able to visualize your space within your home and finish with discarding.

To register for this class visit www.kemmereroutreach.com

ED2GO Classes

ED2GO Non-Credit Classes:

Update your skills, discover a new talent, or chart a new career path at your own pace and at your convenience! Our instructor-facilitated online courses are informative, fun, convenient and highly interactive. All courses run for six weeks (with a two-week grace period at the end). Courses are project oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more.

How to Get Started:

1. Visit our Online Instruction Center at: www.ed2go.com/kemmoutreach
2. Click the Orientation link and follow the instructions to enroll and pay for your course. You will also be provided an opportunity to choose the name and password you will use to access your online course. This step is critical! You cannot access your course until you complete orientation.
3. When your course starts, return to our Online Instruction Center and click the Classroom link. To begin your studies, simply log in with the name and password you provided during orientation.

Featured Ed2Go Classes:

Become a Physical Therapy Aide

Prepare for a rewarding career as a valued member of the physical therapy team while learning all about the human body, specific disorders, and the way physical therapists treat these disorders. You will explore the history of physical therapy and the relationships between physical therapists, physical therapist assistants, and physical therapy aides. You will learn how to communicate effectively with other health care professionals and patients. You'll also come to understand the medical documentation that physical therapists use and principles of ethics and law that affect the PT aide.

Physical therapists often use words and terms that may be unfamiliar to you, so this course will devote some time to learning much of the language of PT. You'll learn proper body mechanics and how to safely move patients. You will come to understand the normal gait cycle and how to help patients walk with assistive devices like walkers, crutches, and canes. You will also investigate various balance and coordination disorders.

Featured Ed2Go Classes Continued:

Veterinary Medical Terminology

To work in the veterinary field, you need to understand the medical language unique to the anatomy, physiology, and pathology of animals. This online course will teach you the definition and uses of veterinary medical terminology.

You will master veterinary medical terminology through a simplified learning process that builds on commonly used word parts. Each course lesson is designed to build on this foundation, with the material and illustrations focusing on the new word parts and definitions needed for success in the veterinary field.

"May we think of freedom, not as the right to do as we please, but as the opportunity to do what is right."
-Peter Marshall
