Heartsaver classroom courses are instructor led, video based programs that feature group interaction with hands-on coaching and feedback from an American Heart Association instructor. This course teaches skills using the American Heart Association's research-proven practice-while-watching technique, which allows the instructor to observe students, provide feedback, and guide students' learning of skills.

BOCES UPDATES

Oyster Ridge BOCES is looking for Community Education Instructors!

Oyster Ridge BOCES offers a variety of personal enrichment classes to the community year-round. And for this upcoming Fall/Winter, we want to offer new options for people to get out of the house and LEARN SOMETHING NEW!

To do this, we are looking for new instructors to teach **FALL/WINTER 2020** classes!

Do you have a skill/talent that you would like to share with people? Now is the perfect chance! Do you have exceptional computer skills? Do you have a green thumb? Do you make amazing pastries? The skill/talent could be anything! We are always open to try a class.

Interested? Call the BOCES at 307-877-6985 for more information.

MAY ED2GO Classes

ED2GO Non-Credit Classes:

Update your skills, discover a new talent, or chart a new career path at your own pace and at your convenience! Our instructor-facilitated online courses are informative, fun, convenient and highly interactive. All courses run for six weeks (with a two-week grace period at the end). Courses are project oriented and include lessons, quizzes, hands-on assignments, discussion areas, supplementary links and more.

How to Get Started:

1. Visit our Online Instruction Center at: www.ed2go.com/kemmoutreach
2. Click the Orientation link and follow the instructions to enroll and pay for your course. You will also be provided an opportunity to choose the name and password you will use to access your online course. This step is critical! You cannot access your course until you complete orientation.
3. When your course starts, return to our Online Instruction Center and click the Classroom link. To begin your studies, simply log in with the name and password you provided during orientation.

Featured Ed2Go Class:

Start Your Own Edible Garden

Grow delicious, nutritious fruit and vegetables in your own backyard! In this course, you'll learn how to give your garden a healthy start and keep it growing strong all season.

You'll begin by figuring out which type of garden is right for you. You'll explore climate considerations, learn how to read a zone hardiness map, and find out how to spot a micro-climate in your yard. You'll discover how to properly prepare a garden bed so your crops have the best opportunity to thrive. You'll even learn to understand fertilizers and make compost! Whether you want to provide your family with nutritious food, save money, get some exercise, or just be more self-sufficient, this course will give you the skills and knowledge you need to be on your way to a successful harvest.

LOOKING FORWARD

Throughout your day, just remember, no matter how stormy it may get, it can't rain forever. The sun is always above the clouds waiting for it's turn to shine down upon you. Be strong because things will get better.

You have within you, right now, everying you need to deal with whatever the world can throw at you.
